CONTROL SYSTEM

All Legend Spas are equipped with a control system from the renowned Balboa brand. Balboa is the market leader in spa control systems and continuously strives for optimizing the usability.

Balboa always offers you the possibility to choose from various preset programs. This is to give you optimum efficiency at very low energy consumption. In addition, the water filtering can also be adjusted entirely according to your wishes. Everything is fully automatic.

CABINET COLORS

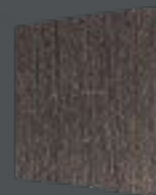

The cabinet of all Legend Spas models is made of composite. Composite is resistant to all weather conditions and is virtually maintenance-free. The colors you can choose from are Graphite, Matt Gray and Chocolate. The different colors are shown below:

Graphite

Matt Gray

Chocolate

WELLNESS SPECIALIST SINCE 2005

Sunspa Benelux is an established name in the wellness industry with 9 locations in the Netherlands and Belgium.

ABOUT LEGEND SPAS

The Legend Spa models are our newest designs in which we created some visual differences compared to all our other spa models. The complete series is equipped with Gecko massage pumps.

All Legend Spa jacuzzis have the best quality parts and materials. All models are equipped with the latest touchscreen control and special LED lighting in the waterfall, jets and fountain.

You can enjoy your favorite music via WiFi or Bluetooth connection. The 4 available full range 60 Watt water-resistant speakers provide a sublime sound quality from clear highs to a deep bass sound.
